HELLO!

Welcome to the city of Málaga, capital of the Costa del Sol and one of the main cities in southern Spain. With almost 3.000 years of history, Málaga combines its rich historical heritage with a cosmopolitan atmosphere, an enviable maritime climate and excellent Mediterranean cuisine.

The **Málaga Oceanographic Centre (COMA)** is one of the actual nine oceanographic centres of the **Spanish Institute of Oceanography (IEO-CSIC)** and is located on the **Explanada de San Andrés, in the Port of Málaga (Pier 9)**.

We currently have a multidisciplinary team of **over 130 researchers and technicians and six research groups** working to contribute to the knowledge and conservation of marine ecosystems and their fishery resources.

Our strategic location and scientific work make us both a national and international benchmark in marine research.
